 Arindam-c-Pathak    Personal Portfolio

## Profile

---

Passionate Computer Science & Engineering student with hands-on experience in Data Science and Web Development. Through internships, I've developed web applications using HTML, CSS, & JavaScript, and conducted data analysis using languages like Python and applications like Tableau.  
Skilled in SQL and new to Unix/Linux, I'm eager to contribute to innovative projects and further hone my skills.

## Internship Experience

---

<b>Yuga Yatra OPC Pvt Ltd</b> Working on projects with team of developers, gaining experience in a team based environment while working on real world projects	12/2025 – Present
<b>InlighnX Global Pvt Ltd</b> Learned about advanced backend and frontend functionalities. Working on minor projects in both. Made few Web Applications based on solo tasks like a digital clock and a Movie Search Webpage.	07/2025 – 10/2025
<b>Elevate Labs</b> Worked on few minor projects and one major project. Minor projects included Landing pages, contact forms, blog pages etc. Major project was the GitHub Repository Explorer.	05/2025 – 06/2025
<b>GrowthLink</b> Worked on minor projects, improving the company conditions, helping out with Web Development related work such as Website Design and Performance.	03/2025 – 04/2025
<b>Prasunet Company</b> Worked on minor web development related projects. Making simple projects ranging from Landing page to Stopwatch and Weather App.	06/2024 – 07/2024
<b>Unified Mentor</b> Worked on analysis of two large datasets, cleaning and comparing the data to create graphs.. Did the analysis of two datasets: Heart Disease Diagnostics, and Foreign Direct Investments. Determined the main factors affecting both and concluded the study.	06/2024 – 07/2024
<b>Prasunet Company</b> Learnt basics of data science, figuring out the basics of data cleaning, graphs and reading data.	06/2024 – 07/2024

## Education

---

<b>B. Tech. in Computer Science &amp; Technology</b> Dr. A.P.J. Abdul Kalam Institute of Technology	2022 – 2026 Tanakpur, Uttarakhand, India
<b>Intermediate (12th)</b> Kendriya Vidyalaya, Sector-25, Rohini	2022 Delhi, India
<b>Matriculation (10th)</b> Kendriya Vidyalaya, Sector-25, Rohini	2020 Delhi, India

## Hard Skills

---

Python • Tableau • HTML • CSS • C • C++ • Java • JavaScript • Web Design • SQL •  
Data Science • React.js • CSS • Web Design

## Projects

---

### GitHub Repository Explorer

05/2025 – 06/2025

A web application that focuses on search and display of the repositories from GitHub. Users can bookmark their preferred repositories and Take notes.

### Voice Assistant application

03/2025 – 05/2025

Advancement to Scribe

Added a UI to the Assistant and made it less cluttered by, the UI has indications now that helps user know when the bot is listening and when its speaking.

### Scribe

08/2024 – 12/2024

Voice Assistant

Without using external API calls, I made a personal assistant to work on my PC and assist with daily tasks. It responds to its name and provides answers based on web search. Scheduling, Setting timers, and opening programs based on commands and the work are part of its functionality.

## Certificates

---

Build your own chatbot • SQL and Relational Databases 101 • Frontend Development •

Build your own Gen AI

## Soft Skills

---

Communication • Typing • Analytical Skills

## Interests

---

Puzzle Solving • Reading
